year to wreak havoc. Lt. Thomas didn't return home for several days because of the hundreds of calls for aid in that Nelson county disaster.

Floods, mine explosions, airplane crashes - they're all vivid memories for this lawman, who somehow has also found time to be Lions Club president, vice president of Falling River Country Club, participating member at Liberty Baptist Church and active member of many other organizations.

He's a great believer in traffic safety . . . based on years of dealing with some rather terrible auto accidents. Driver training can save lives, says the Lieutenant. He plans to continue as a teacher of young troopers and is now considering several ways to put his considerable talent and experience in law enforcement to work again. "I like to deal with people," he says of future plans, and it is the hope of hundreds of friends and well-wishers that he will find just the right place in Appomattox, of course, to continue to contribute to the community and state where needs are many and qualified people sometimes difficult to find.

ASSISTANT PRINCIPAL APPOINTED

Cont'd from Page 1

In other action Friday the board approved the suspension of seven students and the expulsion of one student. The action of the principal of the school involved was upheld by the board, said chairman R.H. Gray "in line with the board's policy of maintaining proper discipline in the school system."

The question then arose inthe board meeting of what happens next to a teenager who has been expelled from school, a youth without sufficient schooling, and evidently, with certain problems which prevent him or her from adjusting to school life.

That the board is concerned about such students was evidenced by the long discussion which followed. It was suggested by Dr. A. A. Fratrick that Mr. Daniel Davis, school-home coordinator be advised of the board's action and asked to follow-up with recommendations to the family of the boy involved in the expulsion as to alternatives, including possibly special training at the Wilson Vocational Rehabilitation Center.

Dr. Fratrick expressed the view that though suspension and expulsion seem to be "harsh methods", the "outside world" is much more harsh than a school environment, and that some students, deprived at least temporarily of school association, might come to appreciate what teachers and administration are trying to accomplish within the school . . . that is, to prepare each person for work or further study in years to come.

The Pamplin "open space" progressive learning center was discussed, and director of instruction Eugene W. Peyton reviewed with the board as questions submitted to the teachers in the Pamplin Elementary School. Teachers involved in the program are agreed that the children "get more attention" and comments are overwhelmingly in favor of the innovative program under the direction of the principal, Mrs. S. B. Waddell.

Supt. Earl Smith said that he will check into the possibility of having evening hours for the Appomattox County Library which is at present, open to the public Monday through Friday during school hours and until 4 p.m.

Plans for the proposed new Appomattox County High School were once again a topic for discussion. Supt. Smith said that any interested persons may come by to review the plans personally and to look over the various centers of learning within the plan . . . for vocational training, arts and sciences, math, English, foreign languages, dramatics, etc.

Plans for the new high school are being adapted for use in Rockbridge county, said the Supt. and he complimented the work of Garland Gay and Associates of Lynchburg for producing a harmonious plan for all-round high school study and for adult education, as well.

The Board approved three trips by school groups, one by first graders to visit the Appomattox Fire House. Another is to tour facilities at VPI Blacksburg, a trip by Future Homemakers of America. The third is a trip by FHA members to a Federation meeting of Campbell-Appomattox FHA clubs.

Watch & Pray

Text taken from Luke 21 verses 34-36 and take heed to yourselves, lest at any time your hearts be overcharged with suffering, and drunkenness, and cares of this life, and so that day come upon you unawares. For as a snare shall it come on all them that dwell on the face of the whole earth, Watch ye therefore, and pray always, that you may be accounted worthy to escape all these things that shall come to pass, and to stand before the Son of man.

Jesus began to warn the people about the signs of time just before the coming of the Son of man, I believe with all my heart we are moving into this era now for people are so busy with the things of this life they have no time for God, and seem to have no intention of making condition for the soul with God, Christ warned his sheep to be sure not to be caught up and ensnared by the finer things of life. We must be aware all times of the snares of this world. We must watch and pray at all times that we may be counted worthy to be caught up with Christ, when he comes after his, Jesus could foresee the high standards of living enjoyed by those of the last days.

He knew this could be a dangerous trap. Are you watching and praying and are you ready for the Coming of Christ?

Healthful Living 3 John 2, Phillips. Solomon, the wise man in Pro. 15:4 says, "A wholesome tongue is a tree of life; but perverseness therein is a breach in the spirit." Knowing the influence of words what does the apostle Paul suggests about our speech at all times? (Let's read Col. 4:6) "Let your speech be always with grace, seasoned with salt, that ye may know how ye ought to answer everyman." Again the wise man speaks in Prov. 22:6 Train up a child in the way he should go: and when he is old, he will not depart from it.

If children never see their parents pray, they will consider that God does not matter much.

INTEGRITY EXPERIENCE

HOWARD P. ANDERSON
Democratic Nominee

A PERSONAL MESSAGE TO THE VOTERS OF THE 18th SENATORIAL DISTRICT (Composed of the Counties of Appomattox, Buckingham, Charlotte, Halifax, Prince Edward, the major portion of Campbell and the City of South Boston):

I hope you will accept this as a personal appeal from me for your support in the upcoming State Senate Election for the 18th Senatorial District of Virginia.

Since there is only a limited time available for campaigning before the election on November 2 and our district is one of the largest in the State in land area, I regret that it will not be possible for me to see and talk with each of you personally before the election, though you can be sure that I will attempt to see as many of you as I can.

I want you to know that I have a total of 14 years experience as a member of the House of Delegates which I want to put to work for you in the Senate of Virginia. This experience, including service on such committees as Courts of Justice, Counties, Cities and Towns, Agriculture, and study commissions on rural affairs and vocational and technical schools (the forerunner of our community college system), has afforded me an excellent opportunity to gain an understanding of the varied and complex problems of our State government. There are no easy answers to the problems we face in this State and a thorough knowledge of state government is essential in attempting to work out solutions for the good of all our people.

I have always insisted upon economy in governmental operations and have been active in the adoption of strong highway safety measures. Of particular importance to this area of Virginia is the fact that I have waged a long battle against the tobacco tax and have attempted to have that tax reduced on a number of occasions.

During my years in public office I have attempted to represent the people of my district to the very best of my ability and pledge my continued efforts to do so if honored by you in election to the Senate. Your support on November 2 will be greatly appreciated.

Sincerely,
Howard P. Anderson
